

CREATING HEALTHY COMMUNITIES 2013

Ohio's health is ranked 40th in the nation...

38. GEORGIA

39. MISSOURI

40. OHIO

41. INDIANA

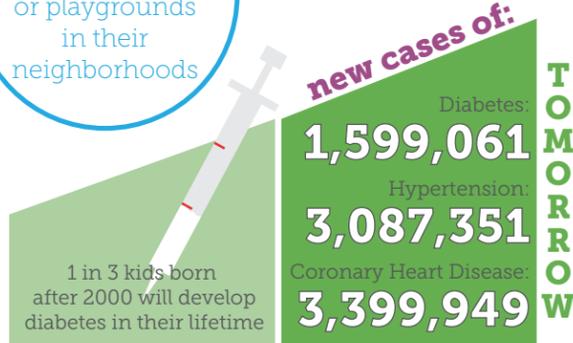

42. TENNESSEE

38.5% of Ohioans without a high school degree smoke

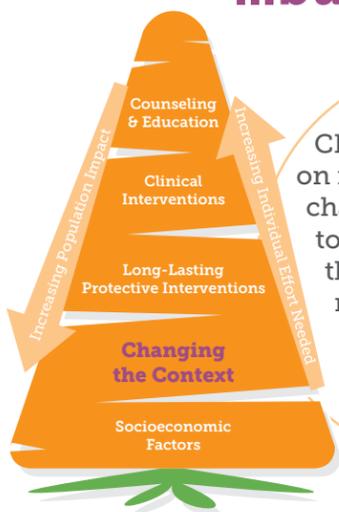

Only 50% of Ohioans have parks or playgrounds in their neighborhoods

25% of rural Ohioans live more than 10 miles from a store selling fresh fruits and vegetables

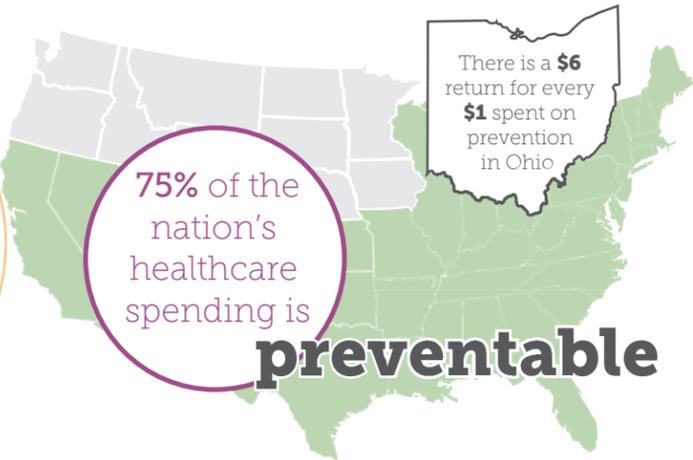

TODAY

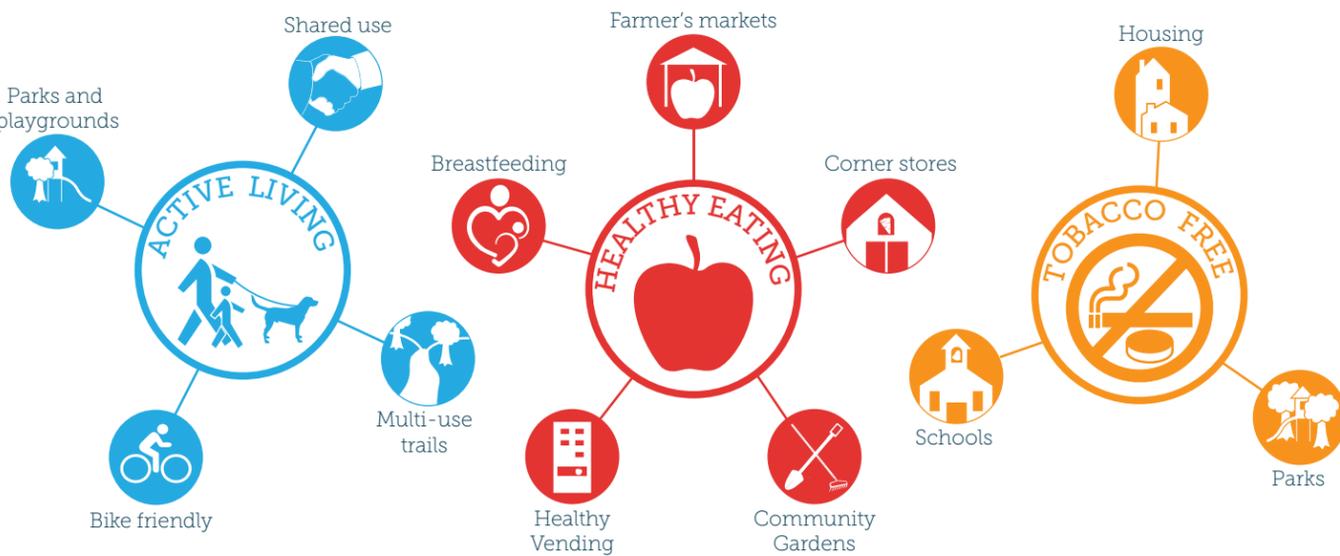

...but by focusing on prevention...

CHC focuses on interventions that change the environment to make healthy options the default choice, regardless of income, education, or other societal factors.

...and making the healthy choice the easy choice...

...CHC is putting Ohio's health 1st!
