

**Meeting Notes**

**August 13, 2015**

**August Location: OCOSH Pickerington, Ohio**

**Meeting facilitated by OIPP Chair Nicole Hodges**

**Attendees:** Amanda Kelly, Courtney Hudson, Sarah Hopperton, Judy Hirshfeld, Michelle Lydenberg, Jane Acri, Ann Probasco, Allisyn Leppla, Tasha Catron, Elizabeth Warren, Jolene DeFiore-Hyrmer, Kara Manchester, Mbabazi Kariisa, Sara Morman, Pam Rudolph, Trina Dickerson, Judi Mosley, Ann Smith, Amy Bennett, Jamie Weaver, Bre Haviland, Lauren Stenger, Nicole Hodges, Robert Martin Jr. , Alan Wedd, Bonnie Nelson, Christine Margales, Hayley Southworth, Barb Kowalski, Natalie Karn, Katelyn Yoder, Michelle Smith, Lindsay Sanders, Lisa Shoaf, Tia Gulley, Ron Henlein, Cynthia Hudson, Phyllis Schoenberger, Rita Haider, Nicole Scheisler, Danice Mohler, Tom Dilling, Lili Reitz, Megan Hatta, Andrew Sokolnicki, Andrea Boxill, Christine Courtney, Zandra Anthony, Gina Veres, Rae Grady, Carol Powell, Kathy Hill, David Garcia, Erin Winstanley, Renecca Mashai, Amanda Storer, Merrily Wholf, Jessica Saunders, Tim Erskine, Ryan Frick, Natalie Haslage, Geneva Sanford, Andrew Bala, Bryan Zofki, Mitchell Briant, Bharna Singichetti, Kathryn Coxe, Andrea Schwiebert, Joe Stack, Andrea Neuman Taddei, Christina Aldridge, Bill Dunlap, Kathy Yokum, Kathleen Grella, Aspen Fink, Vince Caraffi, Andrea Schweibert, Karisa Harvey, Elayne Biddlestone, Nancy Zojana, Pam Rudolph, Luke Werhan, Kelli Redd and Ginger Yang. By conference call: Rita Spahlinger, Erika Malis, Heidi Deane and Rebecca Geyer.

Nicole welcomed all members present.

All members introduced themselves

**OIPP Leadership Team Update: Nicole Hodges**

- Bylaws have been updated and the membership will have the opportunity to vote on them at the annual meeting.
- Strategic Plan has been reviewed and it has been determined a bridge plan will be utilized for 2016 with the plans of the action groups. During the 2016 calendar year the OIPP membership will be engaged in developing a plan beginning in 2017.
- A new chair elect will be selected at the annual meeting in November 2016. Please feel free to send nominations to the leadership team. Liz Warren will be the chair for 2016.
- Nicole informed the group the Champion and Promising Practices Awards will be given this year at the November meeting so nominate those in your community or injury area that have been doing great work or gone above and beyond. The nomination forms will be forwarded to the membership by e-mail and will also be available at the OIPP webpage <http://www.healthy.ohio.gov/vipp/oipp/oipp.aspx>
- The next meeting will be Friday, November 13<sup>th</sup> and we will be meeting at the Ohio Fire Academy 8895 E. Main Street, Reynoldsburg, Ohio 43068. We should have more space and there is a cafeteria on grounds.

## **Violence and Injury Prevention Program (VIIP) Update: Jolene Defiore-Hyrmer**

- **Injury Priorities**-VIIP has several pilot projects on going with partners to assist with our injury priorities. The first pilot project is with the RAMA Consulting Group and Ohio Health for implementation of the Stopping Elderly Accidents, Deaths, and Injuries (STEADI) Tool Kit into health care practices. The pilot is going well and Ohio Health has integrated STEADI into the electronic medical record. This pilot will give ODH and OIPP an opportunity to identify best practices, lessons learned, and integration of falls assessment into the electronic record. The second pilot project is with the University of Dayton for Traumatic Brain Injury and the implementation of a Return to Learn/Concussion Team Model. The pilot will take place in three school sites.
- **Data Products**-Updated fact sheets about fire arm deaths and suicide are currently being finalized as we are working on the final drafts of death data for the National Violent Death Reporting System (NVDRS). These reports will be available at <http://www.healthy.ohio.gov/vipp/data/datapub.aspx>
- **Ohio Department of Health (ODH)**-VIIP is currently working with ODH on the State Health Improvement Plan (SHIP). The SHIP is utilized for the Public Health Accreditation Board in order to achieve accreditation. Injury is a part of the SHIP. The previous SHIP focused on infrastructure and gaps and moving forward concentrates on objectives and health outcomes to reduce injury deaths and incidences. The SHIP emphasizes the following injury priority areas: Prescription Drug Overdose in sustaining rates by increasing access to Naloxone and increase usage of the Ohio Automated RX Reporting System (OARRS); Falls among older adults in reducing fatalities by implementation of STEADI and increasing capacity for mobility; Child Injury the focus is currently child passenger safety. The current plan is a bridge plan and local partners will be invited for the new SHIP planning. The new SHIP planning coincides with our OIPP state planning for injury.

## **Action Group Updates**

### ***Infrastructure-Level Groups***

#### **Data Action Group (DAG)-Mbabazi Kariisa**

- The Data Action Group had the following presentations at their last meeting on June 18<sup>th</sup>: Kenneth Steinman of the Ohio Family Violence Prevention Project on child maltreatment, domestic violence, and elder abuse; Kristina Nicholson of the Department of Public Safety on the results of the Ohio Statewide Citizen Attitude Survey regarding community-police relations.
- The next meeting will be held on September 18<sup>th</sup> from 1-2:30 at the Ohio Department of Public Safety. Presenters will be: ODH and trends with drug overdose deaths, county level data and emerging trends; a presentation on OARRS data.

#### **Professional Development and Capacity Building Group (PROCAP)-Pam Rudolph**

- PROCAP met and the following subcommittees are in process: Professional Development, Member Communications, and Member Outreach.
- Today the action group subcommittee chairs will meet to work on strategic planning.
- Membership update: 40 members have joined since the May meeting; 6 members have asked to be removed from the OIPP. We have had a net gain of 34 members.

#### **Injury Prevention Policy Action Group (IPPAG)-Sara Morman**

- The OIPP is currently working on the 3rd edition of our guidebook for policy makers to highlight the burden of injury in Ohio and offer evidence-based policy solutions. A copy of our most recent guide, "Preventing Injuries in Ohio: A Resource for Policymakers, 2013-2014 Edition," can be accessed here: <https://sites.google.com/site/ippaag/home/guide>. For the 2015-2016 guide, OIPP members would like to again highlight the personal stories of Ohioans who have been impacted by injury and violence. We have stories for every injury are with the exception of Child Passenger Safety (Booster/Car Seats). If

you have a story about child passenger safety please contact Nichole Hodges (614) 355-5870 or [Nichole.Hodges@NationwideChildrens.org](mailto:Nichole.Hodges@NationwideChildrens.org).

- Nicole Hodges has updated the legislative tracker which follows legislation pending concerning our injury priority areas. Some of the items covered are the increased distribution of naloxone, the Graduated Driving License (GDL) and the budget bill. For a copy of the most recent tracker please contact Nichole Hodges.
- IPPAG will be working with the Older Adult Falls Prevention Coalition on a policy implementation with insurance companies. A letter will be drafted to encourage covering exercise prevention such as Tai Chi or Matter of Balance.

### ***Priority Injury Action Groups Reports***

#### **Prescription Drug Abuse Action Group (PDAAG)-Judi Mosley**

- HB 4 (Sprague and Rezabek) was signed into law on July 16<sup>th</sup> by Governor Kasich. The law took effect immediately, allows for the following: Permits a physician to authorize one or more individuals to personally furnish a supply of naloxone pursuant to a protocol; Authorizes a pharmacist or pharmacy intern under the direct supervision of a pharmacist to dispense naloxone without a prescription in accordance with a physician-approved protocol; Permits a local board of health, through a physician serving as the board's health commissioner or medical director, to authorize the protocol for pharmacists and pharmacy interns working in that board of health's jurisdiction. To assist with the implementation of this law, the Board of Pharmacy has developed a dedicated web page, [www.pharmacy.ohio.gov/naloxone](http://www.pharmacy.ohio.gov/naloxone), which features a number of helpful resources including guidance documents, patient education materials and a sample protocol. This page also includes a guidance documents personally furnishing naloxone that should be helpful to any Project DAWN sites.
- The PDAAG is continuing to focus on two priority areas that were chosen through discussion and consensus at the February meeting.
  - Harm Reduction:
    - Promote the dispensing of naloxone by pharmacists without a doctor's prescription was successful with the passage of House Bill 4. This will allow the harm reduction committee to promote access to naloxone with pharmacists, pharmacy interns, local health departments and Project DAWN programs
    - Promote Project DAWN, other harm reduction programs and Promote proper drug disposal: drug drop boxes, drug take back events.
  - Education of Health Care Providers:
    - Promote the use of the opioid prescribing guidelines and OARRS through various venues and the use of online and other tools for education about opioid prescribing and substance abuse.
    - Promote education about substance abuse and proper prescribing in professional schools and residency programs.
- At the PDAAG meeting today Nicole Schiesler, Prevention First! in Cincinnati, will speak on the topic of engaging partners for prevention of prescription drug abuse.
- Promotion of PDAAG & Project DAWN: Judi was requested to develop a proposal for a workshop for the National Association of Social Workers (NASW)/Ohio Chapter conference in Ohio in November. This proposal was accepted and Judi and Andrea Boxill, Deputy Director, GCOAT will present the workshop on November 12th.
- Project DAWN: Increases to grow: there are 30 programs in 24 counties that are community based; 16 that are hospital or treatment based including the 6 state psychiatric hospitals.
- Awareness events:

- International Overdose Awareness Day – August 31 – Ohio events in Newark, Kent and Portsmouth.
- Shatterproof! – Event on 8/6: Allisyn Leppla, Cuyahoga County rappelled down the Sheraton Hotel in Columbus at an event held to raise awareness and dispel the stigma associated with addiction.
- Legislative Update:
  - 911 Good Samaritan Law-Pending-Not included as part of HB 4.
  - Prevention of blood borne infectious diseases: Language was included in the new state budget that permits local health departments to implement programs for the prevention of “blood borne infectious diseases” (aka syringe exchange programs). At present it is unclear as to how this will work and there is a pending challenge to this from a local prosecutor.

#### **Child Injury Action Group (CIAG) – Amanda Kelley**

- Remember to “like” on Facebook
- The CIAG has received 61 new members in 2015.
- Currently focusing on infrastructure and addressing the strategic plan. The CIAG will continue its’ work with the Ohio State University College of Public Health-The Center for Health Outcomes Policy & Evaluation Studies to begin work on phase 2 of the planning process.
- Holding conference calls in the off months from meeting for wheeled sports, sports TBI, teen driving, infant safe sleep and child restraint.
- There are new changes to the Graduated Drivers License effective July 1, 2015. A list of the requirements can be found at [http://www.drivertraining.ohio.gov/drivers\\_corner/july2015/drivers-corner.asp](http://www.drivertraining.ohio.gov/drivers_corner/july2015/drivers-corner.asp)
- The CIAG will be involved in the pilot project with the University of Dayton for TBI and the implementation of a Return to Learn/Concussion Team Model. The pilot will take place in three school sites.

#### **Ohio Older Adult Falls Prevention Coalition-Liz Warren**

- Brenda Rock took a new position and the Union County Health Department is currently seeking to fill the vacancy of the Ohio Older Adult Falls Prevention Coalition by September or October.
- The coalition has also been planning the *Fall Prevention Symposium: Strategies to Address the Epidemic* in partnership with The Ohio State University Wexner Medical Center. The symposium will take place November 6, 2015 at the Crowne Plaza North in Worthington and will focus on multi-disciplinary strategies used to prevent older adult falls to include: mobility/exercise, health care, and home environment. Exhibitor applications are available.
- The Coalition has added a new STEADI Workgroup which is meeting regularly to assist with the implementation of STEADI in the pilot project and will continue to meet in order to further advance the utilization of STEADI in other health care systems.
- The coalition will support our partners at STEADY U by promoting National Falls Prevention Awareness Day by assisting them in raising awareness that falls are not a normal part of aging by taking 10 Million Steps to prevent falls. Community organizations will host a falls prevention awareness walk of at least one mile on Sept. 23 (or any day in September) and invite as many participants as possible. Interested host organizations can register their events today at <http://www.aging.ohio.gov/steadyu/>

## **Presentations**

### **Key Note**

Using the Ohio Automated RX Reporting System (OARRS) and Naloxone to Combat the Prescription Opioid Epidemic in Ohio by Cameron J. McNamee, Director of Policy and Communications Ohio Board of Pharmacy.

Presentation attached to minutes.

### **Member Highlight**

Allisyn Leppla presented information on the Maternal Opiate Medical Support (M.O.M.S.) program at MetroHealth. M.O.M.S. project is administered by the Ohio Department of Mental Health and Addiction Services <http://mha.ohio.gov/Default.aspx?tabid=671>. The project is designed to support interventions and prenatal treatments that improve outcomes for 300 women and babies while reducing the cost of specialized care by shortening length of stay in Neo-Natal Intensive Care Units (NICU). By engaging expecting mothers in a combination of counseling, Medication-Assisted Treatment (MAT) and case management, the three-year project is estimated to reduce infant hospital stays by 30 percent. Information about MetroHealth's mother and child dependency programs can be found at <http://www.metrohealth.org/mother-and-child-dependency-program>

### **Adjourn for Infrastructure Groups**

**Respectfully submitted Pamela Rudolph and Nicole Hodges**
