ALCOHOL AND DRUG TESTING

APPROVAL OF INSTRUMENT CHECK SOLUTION, OAC 370453-04

Lot or Batch # ODH-0018 Target Value 0.101 g/210L

This instrument check solution is to be used in a simulator for the instrument check of approved evidential breath testing instruments, as defined in OAC 370453-02.

This instrument check solution contains **1.223 mg/mL** ethyl alcohol in purified water. When used according to instrument check forms, it will produce a result at or within ± 0.005 g/210L of the target value in the approved breath testing instrument, when that instrument is in proper working condition.

This instrument check solution shall not be used more than three months after its date of first use or more than one year after its date of manufacture, July 25, 2011. Whichever comes first.

This solution expires July 25, 2012

Approved this 8th day of September, 2011

Director of Health
