The OHA is Ready

- Reducing infant mortality is a priority for our quality initiatives in 2014 and beyond
- OHA and Ohio hospitals are a key strategic partner
- Hospitals are a trusted health care source for their community
- Today we regularly interact with new moms and infant care givers
- OHA's team will work closely with the Ohio Department of Health and the statewide collaboratives to align our efforts.
- OHA is prepared to commit necessary resources to align hospitals and community partners in improving infant mortality in Ohio

Priorities 2014-6

Action

Safe sleep

Eliminate elective deliveries before 39 weeks

Health disparity

Progesterone for high risk mothers

Breast milk

Safe spacing

Access to pre post and inter conception care

FOUNDATION FOR HEALTHY COMMUNITIES

Safe sleep
