

Training Needs Assessment Request Form

The Ohio Department of Health and The Center for Public Health Practice at the Ohio State University (Center) are partnering to provide local health departments with the opportunity to assess staff training needs utilizing the Council on Linkages Core Competencies for Public Health Professionals – Tiers 1 & 2. Assessments will be deployed in January 2011.

This opportunity is being provided to local agencies at no cost through the initial investment of the Ohio Department of Health in conjunction with HRSA Training Center funds that were awarded to Ohio and are being administered through the Center.

A summary of your agency's assessment results will be provided via a written report. Raw data will also be provided in instances where anonymity of respondents can be maintained.

Please complete this form in its entirety and return via fax, mail or email by **December 17, 2010** to:

Melissa Sever, MPH, CHES
Center for Public Health Practice, OSU College of Public Health
174 W. 18th Avenue
Columbus, OH 43210
