

Qualifications of personnel.

- (A) Blood, urine, and other bodily substance tests for alcohol shall be performed in a laboratory by an individual who has a laboratory director's permit or, under his or her general direction, by an individual who has a laboratory technician's permit. General direction does not mean that the laboratory director must be physically present during the performance of the test. Laboratory personnel shall not perform a technique or method of analysis that is not listed on the laboratory director's permit.
- (1) An individual who is employed by a laboratory, which has successfully completed a proficiency examination administered by a national program for proficiency testing for the approved technique or method of analysis for which the permit is sought and who possesses at least two academic years of college chemistry and at least two years of experience in a clinical or chemical laboratory and possesses a minimum of a bachelor's degree shall meet the qualifications for a laboratory director's permit.
 - (2) An individual who is employed by a laboratory, which has successfully completed a proficiency examination administered by a national program for proficiency testing for the approved technique or method of analysis for which the permit is sought, has been certified by the designated laboratory director that he or she is competent to perform all procedures contained in the laboratory's procedure manual for testing specimens and meets one of the following requirements shall meet the qualifications for a laboratory technician's permit:
 - (a) Has a bachelor's degree in laboratory sciences from an accredited institution and has six months experience in laboratory testing;
 - (b) Has an associate's degree in laboratory sciences from an accredited institution or has completed sixty semester hours of academic credit including six semester hours of chemistry and one year experience in laboratory testing;
 - (c) Is a high school graduate or equivalent and has successfully completed an official military laboratory procedures course of at least fifty weeks duration and has held the military enlisted occupational specialty of medical laboratory specialist (laboratory technician); or
 - (d) Is a high school graduate or equivalent and was permitted on or before July 7, 1997.
- (B) Blood, urine and other bodily substances tests for drugs of abuse shall be performed in a laboratory by an individual who has a laboratory director's permit or, under his or her general direction, by an individual who has a laboratory technician's permit. General direction does not mean that the laboratory director must be physically present during the performance of the test. Laboratory personnel shall not perform a technique or method of analysis that is not listed on the laboratory director's permit.

- (1) An individual who is employed by a laboratory, which has successfully completed a proficiency examination administered by a national program for proficiency testing for the approved technique or method of analysis for which the permit is sought, who possesses at least two academic years of college chemistry and meets one of the following requirements shall meet the qualifications for a laboratory director's permit:
 - (a) Has at least five years of experience in a clinical or chemical laboratory and possesses a minimum of a bachelor's degree in laboratory sciences;
 - (b) Has at least three years of experience in a clinical or chemical laboratory and possesses a minimum of a master's degree; or
 - (c) Has at least two years of experience in a clinical or chemical laboratory and possesses a minimum of an earned doctoral degree.

- (2) An individual who is employed by a laboratory, which has successfully completed a proficiency examination administered by a national program for proficiency testing for the approved technique or method of analysis for which the permit is sought, has been certified by the designated laboratory director that he or she is competent to perform all procedures contained in the laboratory's procedure manual for testing specimens and meets one of the following requirements shall meet the qualifications for a laboratory technician's permit:
 - (a) Has a bachelor's degree in laboratory sciences from an accredited institution and has one year experience in laboratory testing;
 - (b) Has an associate's degree in laboratory sciences from an accredited institution or has completed sixty semester hours of academic credit including six semester hours of chemistry and two years experience in laboratory testing;
 - (c) Is a high school graduate or equivalent and has successfully completed an official military laboratory procedures course of at least fifty weeks duration and has held the military enlisted occupational specialty of medical laboratory specialist (laboratory technician) and two years experience in laboratory testing; or
 - (d) Is a high school graduate or equivalent and was permitted on or before July 7, 1997.

- (C) Breath tests used to determine whether a person's breath contains a concentration of alcohol prohibited or defined by sections 4511.19 and/or 1547.11 of the Revised Code, or any other equivalent statute or local ordinance prescribing a defined or prohibited breath alcohol concentration shall be performed by a senior operator or an operator. A senior operator shall be responsible for the care, maintenance and instrument checks of the approved evidential breath testing instruments listed in paragraphs (A)(1), (A)(2), and (B) of rule 3701-53-02 of the Administrative Code. Representatives of the director shall be responsible for the instrument certifications on approved evidential breath testing instruments listed under paragraph (A)(3) of rule 3701-53-02 of the Administrative Code.

(D) An individual meets the qualifications for a senior operator's permit by:

- (1) Being a high school graduate or having passed the "General Education Development Test";
- (2) Being a certified law enforcement officer sworn to enforce sections 4511.19 and/or 1547.11 of the Revised Code, or any other equivalent statute or local ordinance prescribing a defined or prohibited breath alcohol concentration, or a certified corrections officer, and;
- (3) Having demonstrated that he or she can properly care for, maintain, perform instrument checks upon and operate the evidential breath testing instrument by having successfully completed a basic senior operator, upgrade or conversion training course for the type of approved evidential breath testing instrument for which he or she seeks a permit.

(E) An individual meets the qualifications for an operator's permit by:

- (1) Being a high school graduate or having passed the "General Education Development Test";
- (2) Being a certified law enforcement officer sworn to enforce sections 4511.19 and/or 1547.11 of the Revised Code, or any other equivalent statute or local ordinance prescribing a defined or prohibited breath alcohol concentration, or a certified corrections officer, and;
- (3) Having demonstrated that he or she can properly operate the evidential breath testing instrument by having successfully completed a basic operator or conversion training course for the type of approved evidential breath testing instrument for which he or she seeks a permit.
